## **To District 21 Voters and Residents,**

As you may know, there are 50 candidates from the Green Party running for office this year. District 21 Greens is a joint campaign for the district's legislative candidates, and we would appreciate the opportunity to speak with your group.

An issue of great importance for us is campaign finance with our platform regarding Choice for Clean Money Campaigns in New Jersey. Additional information is posted at the website and will be updated regularly. Please ask for information regarding the platforms that have become important issues for residents and voters.

During our run for office we look forward to your attention for the campaign and General Election on November 4, 2003. Call us with any contact lists for our campaign and inform the press as to the candidacy of the Green Party. Please feel free to call us with any questions or if you would like us to speak about our candidacy. Thank you.
